Mr. Dan Tomhave
Admissions, Office of University of Minnesota Duluth
Solon Campus Center 23
1117 University Drive
Duluth, MN 55812-3000

Dear Mr. Tomhave,

I want my academic experience to be a diverse and positive one. I believe that attending UMD will present me with the opportunities to excel artistically, academically and socially. I look forward to making new friends and meeting interesting people to learn with and from.

I like the idea of a state university that offers well-established graphic design and art education programs. I hope to take a variety of art classes that will help me improve and expand upon my artistic abilities. I also look forward to taking a variety of other liberal arts classes to build a strong foundation for my higher education.

Duluth's location on beautiful Lake Superior is appealing to me. I love the outdoors, skiing, and hiking. If accepted to UMD, I would enjoy spending my spare time exploring my new surroundings.

I hope to graduate in four years with the educational background and experience to be successful in my chosen career field.

Enclosed, please find an updated transcript from my highschool.

Sincerely,

Katy Jasmin
